

BMP180 Shuttle Board

GENERAL DESCRIPTION

The Bosch Sensortec BMP180 shuttle-board is a PCB with a BMP180 acceleration sensor mounted on it. It allows easy access to the sensors pins via a simple socket. As all Bosch Sensortec sensor shuttle boards have identical footprint, they can be plugged into Bosch Sensortec's advanced development tools (e.g. the Development Board). Of course, the BMP180 shuttle board can also be used for customer's own implementations.

Note: Product photo may differ from real product's appearance.
