GENERAL DESCRIPTION
The Bosch Sensortec BMP280 shuttle-board is a PCB with a
BMP280 sensor mounted on it. It allows easy access to the
sensors pins via a simple socket. As all Bosch Sensortec sensor
shuttle boards have identical footprint, they can be plugged into
Bosch Sensortec’s advanced development tools (e.g. the
Development Board). Of course, the BMP280 shuttle board can
also be used for customer’s own implementations.

Note: Product photo may differ from real product’s appearance.
